

G L O B A L

**12th G1 Global
Conference Report**

**2022.10.10
G1 Institute**

Message from the Chair

Thank you for your support and participation in the 12th G1 Global Conference! I hope you had a wonderful time.

262 people (201 in-person, 61 online) gathered--the highest in-person attendance since COVID-19 started--to discuss the theme "Roaring Twenties 2.0! ~Crafting a Grand Design for a Post-COVID World." In the Opening Plenary, we discovered we can use "dense connectivity" to create a "positive vision of democracy." Throughout the breakout sessions, we discussed ways to craft a Grand Design for the decade ahead by "mixing resilience with creativity" to create new opportunities.

In the Closing Plenary, we learned that institutional alliances to create more stability are needed, as the world comes out of the COVID pandemic and the war in Ukraine hopefully ends, soon. At our networking lunch, we enjoyed sushi, steak and salads and got to know each other more. At the Iba-"Lucky" Night Reception Party, we enjoyed sake and food from Ibaraki, re-energizing our community.

Our vision of G1 has always been "Group of One, Globe is One." We seek to create a multi-stakeholder forum in which people can share and learn from each other through dialogue, to make a better Japan and a better world. The success of G1 Global is all thanks to your participation, your passion, and your commitment to this community. Audience feedback has been quite strong, and many have commented on the positive energy throughout the sessions. We truly appreciate your contributions. We hope that you were able to use these opportunities to make new friends. Thank you for engaging with each other and enriching the G1 Global community.

Please keep the conversation going on social media by using the hashtag #G1Global. To rewatch the sessions, or to catch any sessions you may have missed, please check the [G1 Global website](#) and [Youtube Channel](#). We will announce each session's release on [Twitter](#).

I wish all the best to you and hope to see you again at the 13th G1 Global Conference on Monday, October 9th, 2023.

Yours,

Yoshito Hori

Feedback from Participants

How was the conference today?

4.9

(5-point scale)

Please evaluate our operations.

4.8

(5-point scale)

Very relevant to contemporary times and the world. Highly realistic with appropriately diverse perspectives from speakers.

Everything exceeded my expectations.

The event made me aware of the importance of having a global perspective for Japanese society. In this very difficult era, this event made me more optimistic and motivated.

The organization and execution were smooth, which made the whole day a pleasant experience. The discussions were very timely and offered valuable insights. All the panels ignited and stimulated me a lot in terms of building my thoughts.

The event's overall ambiance; spotless planning; very sound wrap-up with the closing plenary; people are very easy to connect with.

The operation was smooth and well-organized, especially time management was excellent.

Great diverse lineup of speakers and excellent networking opportunities. The air of the conference was special and outstanding.

The hybrid format made it easier for international participants to join. The networking lunch and reception party were great to meet and talk with many people, including many new faces and young participants.

Many leaders are anxious about the current uncertain situation, but they are thinking positively to act to create a better world.

Having in-person discussions with a global perspective is such a rare opportunity for me, and so to all the organizers, thank you!

The highlight of my year, as usual! I'm looking forward to taking part in the next G1 Conference. Thank you!

G L O B A L

A big thank you to
all of our sponsors
for your support.

We appreciate your generosity in contributing
to a stronger G1 Global Community!
